

INDEX TO VOLUME VII

A

- Abdominal pain in children, The interpretation of, 594.
 Acute appendicitis in children, The diagnosis of, 187.
 Acute gastrectasia, Pregnancy with complications, 513.
 Acute intestinal obstruction, The surgical differential diagnosis of, 551.
 Acute osteomyelitis of the mandible, A case of, 446.
 Acute suppurative mastoiditis, Indications and treatment of, 781.
 Adair, Fred L.: Hypertension in pregnancy, 170.
 Adler, Stuart W.: Attempted prevention of measles in private practice, 600.
 Adson, Alfred W.: Tumors of the spinal cord: Surgical treatment and results, 79.
 Air passages, Foreign bodies in the esophagus and, 546.
 Anatomy and mechanics of fractures of the femur, 234.
 Anemia as an aid in diagnosis before recognizable changes are apparent, A study of the nervous syndrome and the blood serum in pernicious, 484.
 Anemia, The therapeutic use of germanium dioxide in secondary, 409.
 Anesthesia, Ethylene, 559.
 Anomalous renal artery as a cause of upper urinary tract stasis, 359.
 Antigen, Pneumonia and its treatment with pneumococcus, 677.
 Aortitis, Syphilitic, 227.
 Apparent deformities of the pillars of the fauces, seen after an ideal tonsillectomy, 277.
 Appendicitis in children, The diagnosis of acute, 187.
 Arrhythmias, Treatment of the cardiac, 647.
 Asthma, Bronchial, 352.
 Attempted prevention of measles in private practice, 600.
 Aurelius, J. Richards: Ethylene anesthesia: Report on use at Ancker hospital, 559.

B

- Bacon, Donald K.: The choice of method in blood transfusion, 725.
 Balfour, Donald C.: Factors of safety in gastric surgery, 337.
 Barnes, Arlie R., and Willius, Frederick A.: Syphilitic aortitis, 227.
 Basal metabolic rate in general medical practice, The value of, 86.
 Basal metabolism in exophthalmic goiter, The total and, 91.
 Basal metabolism in general surgical practice, The value of, 89.
 Baxter, S. H.: Retroperitoneal tumor, 42.
 Beard, Archie H.: The treatment of simple cases of diabetes, 1.
 Behavior of the testis under varying experimental conditions and the function of the scrotum, 753.
 Bendes, J. Harry: Heliotherapy in the treatment of tuberculosis, 154.
 Benign conditions of the nose and throat, Radium in, 578.
 Berghheim, Martin C.: Obstetrics and the general practitioner, 92.
 Berrisford, Paul D.: Headaches from the standpoint of the ophthalmologist, 348.
 Besesen, Daniel H.: Pregnancy with complications: Fibroids, eclampsia; Cesarean section; acute gastrectasia; thrombophlebitis, Case Report, 513, 694.
 Biliary tract, Problems encountered in the treatment of disease of the, 161.
 Blood chemistry study in osteogenesis imperfecta, 800.

- Blood serum in pernicious anemia as an aid in diagnosis before recognizable changes are apparent, A study of the nervous syndrome and the, 484.
 Blood transfusion, Choice of method in, 725.
 Boeckmann, Eduard: Irritatio conjunctivæ, 18.
 Bones and joints, Tuberculous disease of the, 144.
 Boothby, Walter M.: The total and basal metabolism in exophthalmic goiter, 91.
 Boynton, Ruth E., and Hartley, E. C.: A survey of the midwife situation in Minnesota, 439.
 Breast cancer, Metastasis in, 182.
 Brief review of the various phases of epidemic encephalitis in Minnesota from 1919 to 1923 inclusive, 106.
 Briggs, F. W.: The common cold, 797.
 Bronchial asthma, 352.
 Brophy, Truman W.: Fundamental principles and recent conclusions in surgery of congenital cleft palate, 327.
 Buie, Louis A.: The value of proctology in general practice, 604.
 Bumpus, Herman: Genito-urinary tuberculosis, 146.

BOOK REVIEWS

- American Medical Association: Annual reprint of reports of the council on pharmacy and chemistry of the American Medical Association, 464.
 American Medical Association: New and non-official remedies, 463.
 Barnes, Francis M.: Mental disorders, 385.
 Barry, L. W.: The effects of inanition in the pregnant albino rat, 134.
 Beck, Joseph C.: Applied pathology in diseases of the nose, throat and ear, 534.
 Bram, Israel: Goiter: Non-surgical types and treatment, 698.
 Carnrick, G. W.: Organotherapy in general practice, 816.
 Harrop, George A.: Management of diabetes, 534.
 Joslin, Elliott P.: A diabetic manual for the mutual use of doctor and patient, 574.
 Joslin, Elliott P.: The treatment of diabetes mellitus with observations based upon 3,000 cases, 68.
 Knowles, Frank Crozer: Diseases of the skin, 307.
 McNair, James B.: Rhus dermatitis, 574.
 Reed, Charles B.: Obstetrics for nurses, 384.
 Sampson, C. M.: Physiotherapy technic, 628.
 Weaver, George H.; Brown, Lawrason; Preble, Robert B.; Sippy, Bertram, and Brown, Ralph C.: General medicine, 226.
 Wiggers, Carl J.: Circulation in health and disease, 628.

C

- Cabot, Verne S.: Indications for surgery in duodenal ulcer, 723.
 Cancer, Metastasis in breast, 182.
 Cardiac arrhythmias, Treatment of the, 647.
 Cardiac irregularities, The instrumental recognition of, 638.
 Cardio-vascular disease, Diet and rest in the treatment of, 606.
 Cesarean section: Pregnancy with complications, 513.
 Chapman, T. L.: The value of basal metabolism in a general surgical practice, 89.
 Chatterton, Carl C.: Tuberculous disease of the bones and joints, 144.
 Chest, Some points on the innervation of the, 476.
 Childhood, Manifestations of focal infections in the respiratory, circulatory, urinary and gastro-intestinal systems in infancy and, 27.
 Children, A rational and simple method of feeding during the first two years of life, 717.
 Children, The diagnosis and treatment of nephritis in, 761.

INDEX

- Children, The diagnosis of acute appendicitis in, 187.
 Children, The interpretation of abdominal pain in, 594.
 Children, The use of concentrated foods in the feeding of infants and, 509.
 Choice of method in blood transfusion, 725.
 Christianson, H. W.: Thrombo-angitis obliterans, with case report, 265.
 Chronic focal infection, The rectum as a factor in, 110.
 Chronic nephrosis, 419.
 Circulatory, urinary, and gastro-intestinal systems in infancy and childhood, Manifestations of focal infection in the respiratory, 27.
 Citrated blood, Intraperitoneal transfusion with, 657.
 Classification and treatment of hemorrhoids, 556.
 Classification of the irregularities of the heart, 636.
 Clinical contrasted with insurance opinion of an insurance applicant, 309.
 Clinical features of coronary sclerosis, 575.
 Clinical features of extra-uterine pregnancy, 101.
 Clinical ocular tuberculosis, 773.
 Clinical significance of pain in the area supplied by the fifth cranial nerve, 69.
 Colby, Woodard: The use of concentrated foods in the feeding of infants and children, 509.
 Cole, Wallace H.: The anatomy and mechanics of fractures of the femur, 234.
 Collapse of the lungs, Postoperative, 414.
 Collip, J. B.: Hypoglycemia, 9.
 Common cold, The, 797.
 Concentrated foods in the feeding of infants and children, The use of, 509.
 Conclusions based on the study of 433 hand injuries, 670.
 Condit, W. H.: Some new problems in obstetrics, 676.
 Conduction mechanism of the heart, 633.
 Congenital cleft palate, Fundamental principles and recent conclusions in surgery of, 327.
 Congenital syphilis of the nervous system with a report of juvenile tabes in twins, 430.
 Congenital syphilis, Stigmas of late, 651.
 Conner, H. Milton: Diagnosis of conditions associated with splenomegaly, 35.
 Consideration of postoperative complications following thyroidectomy, 514.
 Coronary sclerosis, Clinical features of, 575.
 Costo-chondral graft for the repair of skull defects, 610.
 Coventry, W. A.: Metastasis in breast cancer, 182.
 Cowing, P. G.: Reminiscences of thirty years ago, 711.
 Cranial nerve, The clinical significance of pain in the area supplied by the fifth, 69.
 Crewe, J. E.: Diet and rest in the treatment of cardio-vascular disease, 606.
 Cutaneous lesions of late syphilis, 766.
 Cutaneous tuberculosis and tuberculids in diagnosis, 135.
- CORRESPONDENCE
- Dr. Fred L. Adair, 688.
 Dr. Truman W. Brophy, 452.
 Dr. W. L. Burnap, 54.
 Dr. H. Clay Evenson, 285.
 Dr. E. A. Meyerding, 283.
 Dr. C. Eugene Riggs, 522.
- D
- Decline in tuberculosis as revealed by post-mortem examinations, 543.
 Deformities of the pillars of the fauces seen after an ideal tonsillectomy, Apparent, 277.
 Deformities, Nasal, 629.
 Diabetes, Treatment of emergencies of, 12.
 Diabetes, Treatment of simple cases of, 1.
 Diagnosis and treatment of nephritis in children, 761.
 Diagnosis before recognizable changes are apparent, A study of the nervous syndrome and the blood serum in pernicious anemia as an aid in, 484.
 Diagnosis of acute appendicitis in children, The, 187.
 Diagnosis of acute intestinal obstruction, Surgical differential, 551.
 Diagnosis of anomalous renal artery as a cause of upper urinary tract stasis, 359.
 Diagnosis of conditions associated with splenomegaly, 35.
 Diagnosis, The ear in general, 15.
 Diehl, H. S.: Students' health service at the University of Minnesota, 271.
 Diet and rest in the treatment of cardio-vascular disease, 606.
 Duodenal ulcer, Indications for surgery in, 723.
- E
- Ear in general diagnosis, The, 15.
 Eclampsia; Pregnancy with complications, 513.
 Emergencies of diabetes, Treatment of, 12.
 Engberg, Edward J.: Psycho-neurosis, 424.
 Epidemic encephalitis in Minnesota from 1919 to 1923, A brief review of the various phases of, 106.
 Epilepsy, Some phases of, 792.
 Epilepsy, The ketogenic diet in the treatment of, 708.
 Esophagus and air passages, Foreign bodies in the, 546.
 Ethylene anesthesia: Report on use at Ancker hospital, 559.
 Etiology of intestinal obstructions, 548.
 Exophthalmic goiter, The total and basal metabolism in, 91.
 Extra-uterine pregnancy, Clinical features of, 101.
